

# Ping Pong Tournament Rules & Format

## Tournament Structure

### 1. Group Stage → Single Elimination

- Players will first compete in a group stage.
- Groups will be formed with a preference for 3 players per group, rounded up to 4 players if necessary.
- All but one player in each group will advance into the main single elimination bracket, seeded according to group standings.
- All matches will be best of 5 games to 11.

### 2. Single Elimination Bracket

- The main bracket will be a knockout format.
- Prizes will be awarded to 1st, 2nd, and 3rd place.
- The two losing semi-finalists will play a 3rd-place playoff.

### 3. Consolation Round

- Players who do not advance from the group stage will compete in a consolation round robin (approx. 5 players).
- Matches will determine standings within the group.
- Prizes will be awarded based on final group ranking.

## Ranking Rules for Round Robin Groups

- 1 **Number of Wins:** The player with the most match wins ranks highest.
- 2 **Head-to-Head Record:** If two or more players are tied on wins, their results against each other decide the ranking.
- 3 **Games Percentage:** If still tied, compare the percentage of games won vs. lost, considering only matches among the tied players.
- 4 **Points Percentage:** If still tied, compare the total points won vs. lost, considering only matches among the tied players.
- 5 **Random Draw:** As a last resort, if all else fails, ranking will be decided by a random draw.
